## Fairland Scouts donate tinned food for people in need

**FAIRLAND** – Many disadvantaged people were able to stock up their grocery cupboards after Fairland Air Scouts donated R1 000 of tinned goods.

The donation was received by Northcliff Union Church for distribution to families who struggle to put food on the table. Ashley Wolluter of the Scouts said she was proud of the efforts of the pack as they had collected copper coins for quite some time.

“This was enough to purchase several shopping bags of tinned goods which we handed over to the church,” she said.

Gary Taylor of the church who accepted the goods said he was impressed by the youngsters as they showed the tenacity and commitment to collect the coins. “When added together, these goods would make a difference in our food parcel ministry and we can now ensure that this kind donation gets to families in need.”
